# The Nursery

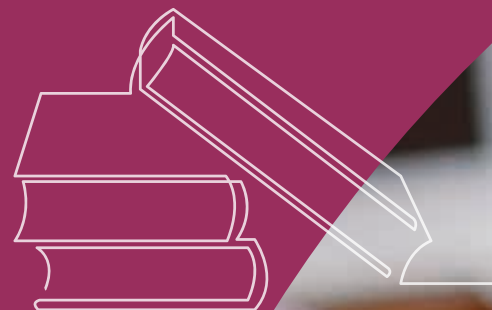

*In our Nursery, outstanding levels of support and care offer the children a wonderful setting in which they have the freedom to grow as individuals.*

Offering year round care ensures that we know your child and are able to deliver a personal, nurturing and family oriented environment in which they will thrive.

Throughout their time at the Nursery we offer all babies and children a wide variety of inspiring activities, including crafting, story time, messy play, music, singing and dancing, as well as use of the school's extensive facilities and space.

# Pre-School

*Our Pre-School offers a stimulating and exciting environment in which all children thrive.*

We offer flexible care alongside a programme that ensures every child has the opportunity to grow. Dedicated sessions run by qualified teachers in Sport, Music and Modern Foreign Languages, as well as Arts and Crafts Sessions. All are well received by those who engage in our diverse curriculum.

Our children are happy and confident - they enjoy their learning. Our staff are committed to providing care that is unrivalled and strongly linked to the setting's values of nurture, family, joy and respect.

We look forward to you visiting our Nursery and Pre-School in very soon.

*“Provision for children’s well-being is outstanding and a strength of the setting. Children are very happy at school.”*
